Hi Guys

a few photos of a car in or shop that we have installed a set of your roller rockers to.

The car is a series2 Sunbeam alpine historic racer.

I first tried your rockers on my Alpine race car & I am very happy with the results.

I run a 1650cc series 2 motor that is making 104 hp at the wheels.

I shall send you a photo of my car as well

regards

Geoff M.
